Records requested:

The Annual Historical Reports for the 224th Aviation Bn (Radio Research) for the years 1966 through 1973. This unit was an Army Security Agency Bn that served under the 509th Radio Research Group in Vietnam.

I have written and have had published a magazine article on the shootdown of an aircraft assigned to the 224th in 1971. I have invitations to write additional articles on those aircraft and seek these documents for that reason. I further request waiver of fees for that reason.
