This is a request under the Freedom of Information Act as amended.

Pursuant to the AFHRA Microfilm Worksheet, I hereby request that a security review be conducted on the following:

µfilm Roll No.	Subject or Document Title/"Call Number"	Inclusive Dates	Kind of Document
P0251			
✓ P0252	7050th AIW	Jan 54 - Dec 55	History
P0252	"	JUL 54 - Dec 55	"

I request that after the security review, copies of records be forwarded to me.

I ask that while conducting the security review, that AFHRA bear in mind the openness initiatives which have been enacted by the Clinton Administration, among which are several Executive Orders declassifying material and reorganizing the classification system itself. Also please note the "openness memoranda" to all Agencies from the White House and the Attorney General dated in October 1993.

Although I am willing to pay reasonable fees as provided for in the FOIA and in DoD Regulations, I further request that I be notified prior to any charges being incurred in the processing of this request.

In order to help determine my status as a requester, you should know that I am an individual seeking information for personal use; to advance my understanding of my government and it's actions.

Sincerely,

*James Klotz*
