J. Kevin O'Brien, Chief
FOI/PA Section
Information Management Division
Federal Bureau of Investigation
Washington, DC 20535

Dear Mr. O'Brien:

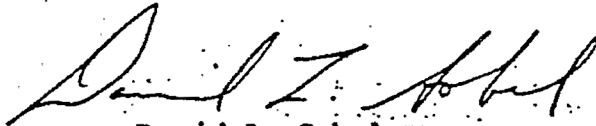

This letter constitutes a request under the Freedom of Information Act, 5 U.S.C. § 552. It is submitted on behalf of my client, David Burnham.

I request a copy of the FBI Headquarters file maintained under the name "Central Intelligence Agency," file number 62-80750.

For purposes of fee assessment, I request that this be processed as a "news media" request. Mr. Burnham is currently conducting research for a book on the Department of Justice to be published by William Morrow & Company. As his enclosed resume indicates, Mr. Burnham is an established journalist with numerous publications to his credit. I further request that all duplication fees be waived, as the release of the Bureau's file on the CIA -- and Mr. Burnham's dissemination of that information -- will contribute significantly to the public's understanding of government operations and activities.

As the FOIA requires, I will anticipate your response to this request within ten working days.

Sincerely,

David L. Sobel
