Appendix III - 1

APPENDIX III SENSITIVE UNLASSIFIED INFORMATION FOIA REQUESTS, BY PROCESSING TIME

DOE reported no record of receiving original request in 2/05, and therefore did not begin processing until a later date; this request was resent on 6/6/05. The initial request sent in 2/05 were sent to confirmed agency fax numbers and received a positive receipt of transaction, however for unknown reasons were never entered into the agency's tracking systems.

NARA – agency final response letter was dated 3/14/05, but was never received by the Archive; after an inquiry, the response was resent on 9/19/05.

CBP request was resent on 7/18/2005 (originally sent to wrong office but was not forwarded; after inquiry, the Archive resent the request to Office of Regulations and Rulings).

CDC request was sent as an addition to the Audit, on 8/15/2005, based on information learned during our research for this report; the chart reflects the current time of processing since that request was sent.

FBI initial response advised that the request was too broad and suggested the Archive review the FBI Manual of Operations and Procedures and the Manual of Investigative Operations and Guidelines. On 6/9/05, the Archive filed a new, more specific request based on these manuals. The second request was subsequently denied as too broad; follow-up inquiries are pending.
