speaking of this, our next FOIA brownbag is Dec 6 and we should send a notice, along with our write up on the Ashcroft memo to all the people on the FOIA brownbag list, because unfortunately the message is not getting down to the ones who need to know it.

Folks- I may have sent something like this before, but here goes anyway. Please provide me ASAP copies of all comments that you may have received, presumably from SOL attorneys, on the proposed FOIA regs. Of course they had to be submitted in accordance with the deadline in the notice. We need to be sure that Alex has a complete package for her preparation of responses to them. Thanks. Bob

Bob--

I mean any comments on the REGS that have been sent to you directly, like those from Bill Myers, or any your staff might have. From the way you were talking the other day, I just assumed that some of the attorneys in General Law had comments . . .

Alex- I have assumed that you meant comments that we have received from someone, e.g., Bill Myers. You don't mean any comments that we might have, do you? · Bob

Bob--

Per our conversation yesterday, could I have any comments your office has on the proposed REGS by COB, Friday, Nov. 2. Julia is anxious that we finalize the REGS--our target date is Dec. 31. Thanks.
