Mary: I'm glad you got a copy of my email message; sorry I forgot to copy you earlier. In answer to your question, yes, please put my email in the OGC E-library with the hotlink that people can click on to get the DOJ memo. Thanks.

Bob

Hi Bob

I got copied on your 10/18 message about the new Ashcroft FOIA memo (in a very roundabout fashion). Do you think it should go in the OGC E-Library? I could just put in the link which you provided, not the whole memo (unless you thought it might be useful to people).

What do you think?

Mary

Pat: Hi! Mary Grady asked me if I wanted the email that I sent yesterday, describing the Ashcroft memo and other topics, to be added to the OGC E-library. I said yes, and she did it, with a link to the DOJ OIG FOIA Post. I think your email on your meeting with DOJ yesterday, with the two attached WordPerfect documents, would also be a good addition to the OGC E-library. Either you can do it, or Mary can help you. Thanks.
