

AMERICA NEEDS YOU!

Grassroots Democrats from coast to coast are calling on you, Mr. Vice President. Please listen to our plea.

Your decision not to run for president affects not just you, but millions of us and the future of our children and grandchildren. You are the only Democrat who can represent us in what may be one of the most crucial elections in American history, as well as the only one who can unite the country behind you and lead us to victory. You have become the voice of patriotic dissent in America — a voice for the people, not the powerful.

We are asking you to reconsider your decision and run for the Democratic nomination in 2004.

Our country is at an historic crossroads, making your candidacy an historic imperative. We are ruled by a government of the powerful and for the powerful, which tramples over our constitutional rights, sacrifices our economic future to help the very wealthy, and is ready to wage unjust war in our name. A majority of the American electorate did not vote for this administration.

The people voted for *you*.

And now *you* are our only hope to restore government to the people. By having the courage to speak out against the policies of this administration you have re-emerged as the most powerful and reasoned voice for justice and democracy in America.

We need you now more than ever. Be our candidate. Run in 2004. And we pledge that we'll be there for you every day until the last vote is counted.

FOR PRESIDENT 2004
