Green Products Quick Finder

Frequent Questions

- What makes a product "areener"?
- How can I buy energyefficient products?
- How do I find products and services that save water?
- How can I buy safer detergents and household cleaners?

The Green Electronics Council maintains the Electronic Products Environmental Assessment Tool (EPEAT) to help purchasers evaluate, compare, and select electronic products based on their environmental attributes. Registered products meet baseline criteria and are rated Gold, Silver, or Bronze based on their performance relative to 23 required and 28 optional criteria.

Plug-In To eCycling

Plug-In To eCycling is a partnership program between EPA and leading consumer electronics manufacturers, retailers, and mobile service providers that fosters and promotes opportunities for individuals to donate or recycle their electronics. Go to the Plug-In Web site to learn how to donate or recycle your unwanted electronics.

Energy Star for Hospitality

- Energy Starrepresents the top 25% of the market
