Dear Mr.

Reference (a) requested that BST Systems be provided a copy of the evaluation criteria used in the evaluation of Yardney Technical Product's (Yardney) proposal resulting in the award of reference (b) to Yardney. Reference (c) responded that insufficient particularity was provided to enable you to provide BST with the requested information. This request is submitted as follow-up to reference (a).

Under the guidelines of the Freedom of Information Act, 5 USC 552, BST Systems, Inc. hereby requests that we be provided with the details of the evaluation utilized in determining Yardney Technical Products to be the successful offeror and awardee of the reference (b) contract. Particularly, the solicitation stated that the two evaluation factors, Past Performance and Total Evaluated Price, are in descending order of importance. The solicitation went on to state that Total Evaluated Price will include the cost of the basic units and 4 options of 10,000 cells each, utilizing the weighted average of each option.

BST System requests that we be provided with the results of the Past Performance Evaluation of both Yardney and BST Systems as well as the details of the Total Evaluated Price, including evaluator's notes, for both offerors.
