**Subject:** FOIA Submission

NOTE: The person in your Office of Inspector General responsible for monitoring CPA contractors' performance may have the most ready information for responding to the below request.

I am seeking information on contracts with CPA firms performing financial statement audits of entities such as those listed in OMB Bulletin 01-02. Your Administration-wide financial statements are on this list.

I need to know:

1)the current cycle for each such contract administered by your Department [many such contracts can be renewed annually and expire every 5 years] or, if changes are contemplated, the anticipated cycle for the next round of contracts.

2)the expiration date for each contract.

The above information would help us better serve the federal community by knowing when to anticipate proposals and to otherwise have the right staff available to meet your needs.

We would very much appreciate your timely consideration of this request. Please contact me via e-mail, phone, or mail when you are ready to respond, or should you have any questions.

Yours truly,

Herb Dantzler, CPA, CGFM
