I have checked with our Contracting Division regarding this FOIA request. I was told this was a HQ not Huntsville Center procurement. Hopefully, you're the right person to send this to for processing. If not, please let me know who at HQ I can forward this too. My contracting directorate told me that HQ contracting POCs are [REDACTED] or [REDACTED] in CEHR-D for this procurement.

Please see FOIA request below. FYI... I just received another email from the requestor asking for this info by Feb 24th.

[REDACTED]

Last week I visited with [REDACTED] and [REDACTED] to familiarize myself with the solicitation process. My colleague, Paul Brala of Matrix Performance Consulting, Inc. and I intend to submit a response to this solicitation.

I understand this course has been delivered at least four times in the last fiscal year. I further understand that such procurement histories are a matter of public knowledge. We have been unsuccessful in finding this information through the website or by informal inquiry.

Therefore, we are formally requesting a procurement history for the Leadership for Learning Course that is described in Solicitation No. W912DY-04-Q-0002. We ask that it be made available so that we can make a timely response to this solicitation, which at this point is due this Friday, February 13, 2004.

I am willing to pay for reasonable costs for reproduction and handling, up to \$25. However, an e-mail reply to this request with the procurement value and identification of prior vendors would meet our needs. Thank you for your prompt attention.

Kind regards,

Lorette Pruden, Ph.D.
