Subject: Request for records

Dear FOIA Officer,

I would like to request the following records. I am willing to pay applicable fees to find this record. Thanks in advance.

CAREER: A Fundamental Study on Hard Turning - Prediction and Synthesis of Surface Integrity and Component Life

Award Number 0447452

Award Instrument Standard Grant

DMI Division of Design, Manufacture & Industrial Innov

Investigator(s) Yuebin Guo yguo@coe.eng.ua.edu (Principal Investigator)

CAREER: Fundamental Research on Silicon Wafer Fine Grinding to Foster a Quantum Leap in Manufacturing of Silicon Wafers

Award Number 0348290

DMI Division of Design, Manufacture & Industrial Innov

Investigator(s)

Zhijian Pei (Former Principal Investigator)

GOALI: Integrated Signal Processing for Bearing Health Assessment and Life Prediction

Award Number 0218161

DMI Division of Design, Manufacture & Industrial Innov

Investigator(s) Robert Gao gao@ecs.umass.edu (Principal Investigator)

Jim Wei (Co-Principal Investigator)

CAREER: Sensor-Integrated Bearing with Self-Diagnostic Capabilities

Award Number 9624353

DMI Division of Design, Manufacture & Industrial Innov

Investigator(s) Robert Gao gao@ecs.umass.edu (Principal Investigator)

In-Line Optical Measurement of MicroElectroMechanical Systems (MEMS) Devices During Production

Award Number 0200331

Award Instrument Continuing grant

DMI Division of Design, Manufacture & Industrial Innov

Investigator(s) Thomas Kurfess tom.kurfess@me.gatech.edu (Principal Investigator)

Levent Degertekin (Co-Principal Investigator)

Sincerely,

Myong K. Jeong
Assistant Professor
Industrial and Information Engineering
University of Tennessee
