Poster campaigns and distribution of anti-communist pamphlets would almost certainly draw official protest from the Saudi Government and would probably strengthen Saudi suspicions thus hazarding the balance of the USIE program. The following answers are supplied to the specific questions propounded by the reference circular airgram: General reaction is unfavorable: 2) Such material is not helpful in the USIE Program and might in fact risk official Government censure; 3) This material is not being disseminated by the Embassy in view of the foregoing: ω 4) The Embassy will not make recommendations for the improvement of these kits inasmuch as they are not being used in this country and the Embassy is not competent to comment on their use elsewhere. 5) Cuality Quantity : Not * Suf-:Insuf- : foo : : Useful : Useful : ficient: Ficient: Much : Suggestions, Timetable, Etc. : N Pamphlets, Etc.
