Reissue (T1362)

From: NEW YORK
To: MOSCOW
No: 1347

21 September 1944

To VIKTOR[i].

Lately the development of new people [Dt has been in progress]. LIBERAL[iii] recommended the wife of his wife's brother, Ruth GREENGLASS, with a safe flat in view. She is 21 years old, a TOWNSWOMAN [GOROZHANKA] [iii], a GYMNAST [FIZKUL'TURNITSA] [iv] since 1942. She lives on STANTON [STANTAUN] Street. LIBERAL and his wife recommend her as an intelligent and clever girl.

[15 groups unrecoverable]

[Ct Ruth] learned that her husband[v] was called up by the army but he was not sent to the front. He is a mechanical engineer and is now working at the ENORMOUS [ENORMOS] [vi] plant in SANTA FE, New Mexico.

[45 groups unrecoverable]

detain VOLOK[vii] who is working in a plant on ENORMOUS. He is a FELLOWCOUNTRYMAN [ZEMLYAK] [viii]. Yesterday he learned that they had dismissed him from his work. His active work in progressive organizations in the past was the cause of his dismissal.

In the FELLOWCOUNTRYMAN line LIBERAL is in touch with CHESTER[ix]. They meet once a month for the payment of dues. CHESTER is interested in whether we are satisfied with the collaboration and whether there are not any misunderstandings. He does not inquire about specific items of work [KONKRETNAYA RABOTA]. In as much as CHESTER knows about the role of LIBERAL's group we beg consent to ask C. through LIBERAL about leads from among people who are working on ENORMOUS and in other technical fields.

Your no. 4256[a]. On making further enquiries and checking on LARIN[x] we received from the FELLOWCOUNTRYMEN through EKhO[xi] a character sketch which says that they do not entirely vouch for him. They base this statement on the fact that in the Federation LARIN does not carry out all the orders received from the leadership. He is stubborn and self-willed. On the strength of this we have decided to refrain from approaching LARIN and intend to find another candidate in FAECT [FAKhIT] [xii].

(PART III) Further [14 groups unrecovered].

Both are FELLOWCOUNTRYMEN[ZEMLYAKI]^[xii]. Both are helping us and both meet LIBERAL and ARNO [3 groups unrecovered]. Kh'Yus^[xiii] handed over 17 authentic drawings relating to the APQ-7^[xiv] (postal despatch No.9)^[xv]. He can be trusted. The transfer of Kh'Yus alone to SVET^[xvi] is no way out of the situation. It will be necessary to put SVET in touch with KALISTRAT^[xvii] in order to bring material for photography into the PLANT [ZAVOD]^[xviii]. I cannot carry material in and out of the PLANT late in the evening. I insist on bringing Kh'Yus and METR^[xix] together, putting the latter in touch with KALISTRAT or SVET and separating both from LIBERAL.

In TYRE[TIR]^[xix]

round the clock. There are no major contradictions between letters 5 and 7 about LIBERAL. They complement each other. LIBERAL's shortcomings do not mean that he will be completely useless for photography. He is gradually getting used to photography.
