

K32

RELEASED IN FULL

From: ITAIN DIVISION
To: South Asian Romp n' Stomp
Date: 12/13/95 3:26pm
Subject: India Update -- 19951213

SECRET

No significant activity has occurred at Thar Desert since yesterday. The cable has not been lowered down the hole (by all appearances) but has "changed" shape once again. Where it first appeared to be one thick cable, it then became two smaller cables connected by a thin cable. It now appears to be FIVE small cables. There have been no changes to the stemming pile. (S)
