	2. Thanks for your message on above subject. Am pleased to know we are actively pursuing this one. Main point is to make Honduran Air Force aware of C-123K characteristics. Ideally, this should be done in Honduras so they can see how it works on their own airfields; but we will see what can be worked out. Meanwhile MILGP is seeking to verify availability of Colonel Lopez for demonstration on April 10 or 11.
