For the first time this proceedure was used in March 1938 after the occupation of Austria. EICHIANN of the SD got the order from MEYDRICH to create a central office for jewish emigration. This office was established at the Rothschildpalais in Vienna. From now on the emmigration of Jews was made a plain mass production. Emmigration went up skyhigh and that it was limited in certain ways was only the reason that the quotas of countries who accepted refugees from the Hitler regime were filled.

After the occupation of Czecho-Slovakia EICHMANN was sent

there to arrange the same proceedure as in Austria.

Hauptsturmfuehrer BRUNNER took over the job at Vienna. The "Zentral Amt fuer die Loesung der Judenfrage Boehmen and Machren" (central office for jewish affair Boehmen and Machren) was taken over by Sturmbannfuehrer KANS GUENTRER

Whilst the Viennese office only handled emmigration the Prague

central office had different tasks in addition.

In Vienna the central office of Austria left the matter of the money of the jews in the hands of the "Vermoegensverkehrstelle" ander the supervision of the "Reichsstatthalter.

In Prague it was different. All money gotten by selling Jewish property and business houses were transferred to the so-called emigration front of the central office. This way the chef of the "Sicherheits Polizei" and the SD were able to rule to their discretion over the accumulated amount which to PW's knowledge were 300,000,000 marks. This was EICHIANN's personal achievement. COHHANN who was HEYDRICH's favorite in the meantime became a samber of the RSHA and therefore the RSHA more and more took over the question and treatment of the Jews. In the RSHA EICHIANN took over section IV (Gestapo) under the leadership of Gruppenfuehrer EUETLER who was Chef of IV B4 (Jewish referat)

4. After the occupation of Poland an additional 4 million was came in the hands of Germany. This problem demanded new covices.

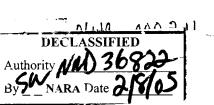

By rersonal order of Hitler, HILLIER was charged with new regulations and laws concerning Jews. Hill LER transferred the decisions on all those questions to the Chef of the SIPO and SD. HILLIER was the highest instance and EICHMANN was the personal advisor.

The Reichsinnerministerium as the law making agency had nothing to say in those matters. Very often the Ministry of the Interior had trouble with the RSHA especially as FRICK did not want to increase the difficulties in the question of mixed marriages.

During the first year of the war hardly any changes appeared. Also the question of Jewish emmigration was more limited due to the war, in September 1940 thousands of Jews rom Danzig emmigrated to Palestine.

In Polard all Jews were forced to live in special destined districts of a town. Such a district was administrated by a Jewish Senate who also was responsible to distribute food. The Senate had to establish work centers to work forcets.
