WASHINGTON, D. C.

OFFICE OF THE DIRECTOR

MEMORANDUM FOR DIRECTOR OF IMAGERY INTELLIGENCE (IMINT)
DIRECTOR OF MANAGEMENT, SERVICES and OPERATIONS
(MS&O)

SUBJECT: Review of Programmatic Data Associated with
Deactivated Imaging Satellite Reconnaissance Programs

In anticipation of a likely Director of Central Intelligence decision to declassify imagery from the first three imaging satellite programs, Director, MS&O, in cooperation with Director, IMINT, Director of Signals Intelligence, Director of Security, and Director of Plans and Analysis, is directed to take the following actions:

a. Assemble CORONA, ARGON, and LANYARD programmatic material from within the National Reconnaissance Office, Central Intelligence Agency (CIA), Air Force, and other intelligence community agencies;

b. Conduct a review of the programmatic data associated with the CORONA, ARGON, and LANYARD Programs with the objective of identifying a large portion of the material for potential release as well as any residual sensitive material the public disclosure of which could reasonably be expected to have an adverse impact on national security.

The review should follow the Review Guidelines and Criteria (Attachment). Formal changes in these guidelines must be approved by me.

The assembly and review of the programmatic data should be carried out in an expedited manner and in accordance with procedures to be developed in consultation with CIA and other
